

# San Diego School Energy Conservation Competition

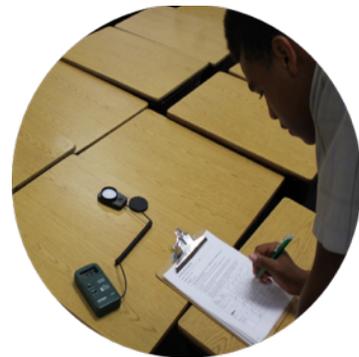

April 13 - May 3, 2016

## Participate in the Competition!

-  Join us this spring to reduce your school's energy costs and engage students in learning about energy conservation!
-  Any K-12 school serviced by San Diego Gas & Electric ® (SDG&E) can participate!
-  We'll provide you with everything you need to succeed. This includes helping you and your students develop an **energy savings goal**, create **strategies** for conserving energy, and **track** your school's **energy usage**.
-  Prizes for schools with the greatest energy conservation. The more you save, the more you win!

Note, the competition dates will be adjusted to avoid Spring Break for schools.

**Sign Up** and learn more - visit the [Competition Website](http://www.energizeschools-sd.org/energy-competition.html) here:

# Student Leadership and Learning Benefits

The **Energize Schools Energy Conservation Competition** provides an opportunity for students to:

-  **Gain experience** in the growing fields of **energy management** and **sustainability**
-  Improve **project management** skills through **Conservation Action Planning**
-  Practice **leadership** by initiating school energy saving practices
-  Cultivate **marketing**, outreach, and persuasive **communication** skills
-  **Reduce** your school's energy **costs**, carbon footprint, and **environmental impact**

Measurable outcomes make great stories in a college or job interview. Give your students a strong foothold on their sustainability career ladder.

## How can I participate?

-  **Sign up** on the Competition Website: [www.energizeschools-sd.org](http://www.energizeschools-sd.org)
-  Help Energize Schools to **connect with your District** to access school energy use data
-  **Form a team** of interested students and staff to plan and lead campus conservation initiatives
-  **Develop a Conservation Action Plan** (template included)
-  **Lead implementation** of your team's conservation strategies and tactics to meet your Energy Saving goal!
